

NOVA.AI TRAVEL POLICY

Finance

Document Code: NV-FIN-002 | Version: 1.4 | Effective Date: 01 April 2026

1. Purpose & Scope

This policy governs all domestic and international business travel undertaken by Nova.ai employees, including local commute support, and applies to all full-time and confirmed probationary employees. Travel booked outside this policy's process is not eligible for reimbursement except in documented emergencies.

2. Local Cab Service (Office Commute)

Nova.ai provides a company-arranged cab service for employees travelling to and from office for official working hours. This facility is available **only for employees residing within a 20 km radius of their assigned office location**, as measured by the shortest driving route from the registered home address in the HR Portal to the office.

- Employees within the 20 km radius can book a cab through the Nova Travel App at least 4 hours before the required pickup time (2 hours for late-night drops after 9:00 PM).
- Employees residing beyond 20 km are not eligible for the daily cab facility, but may claim public transport or personal vehicle fuel reimbursement as per Section 3.
- Cab usage for late-night drops (after 8:00 PM) is available to all eligible employees regardless of shift, subject to a same-day booking log for safety tracking.
- Misuse of the cab facility for personal, non-work travel is treated as a policy violation under the Code of Conduct.

3. Commute Reimbursement (Beyond 20 km)

Employees residing beyond the 20 km cab-eligibility radius may claim a monthly commute allowance of **■3,000**, or actual public transport receipts up to that cap, through the Reimbursement Policy process. This allowance is not combinable with the daily cab facility.

4. Domestic Business Travel

Grade	Air Travel	Hotel Cap (per night)	Local Conveyance
Associate / Analyst	Economy	■6,000	App-based cab / metro
Manager / Senior Manager	Economy (Flexi on request)	■9,000	App-based cab
Director & above	Premium Economy	■14,000	App-based cab / self-drive

5. International Travel

International travel is approved only for business-critical requirements: client engagements, conferences, or cross-border team offsites, and requires Head of Department and Finance sign-off at least 3 weeks in advance. Flights are booked in Economy for all grades below Director, and Premium Economy for Director and above, capped at a single connection where a direct flight option exists.

One Sponsored Foreign Trip Per Year

Every confirmed employee is eligible for **one Company-sponsored international trip per calendar year** — whether for a client visit, an approved conference, an inter-office team offsite, or a recognition/incentive trip for eligible top performers. This entitlement does not carry forward to the next year if unused, and does not apply to personal travel.

6. Visa, Forex & Insurance

Visa fees, mandatory travel insurance, and forex conversion charges for approved international trips are borne by the Company and processed directly by the Travel Desk; employees should not pay these out of pocket. A forex card with a daily spending cap of USD 150 (or equivalent) is issued for approved trips exceeding 3 days.

7. Booking Process

All flights, hotels, and cabs for business travel must be booked through the Nova Travel App or the empanelled travel desk, never independently, except where the App is unavailable at the destination — in which case prior Finance approval is required for reimbursement.

8. Reimbursement of Incidental Expenses

Meals, local conveyance beyond cab bookings, and other incidental travel expenses are reimbursed against valid receipts through the Reimbursement Policy process, submitted within 15 days of return from the trip.

9. Safety & Emergency Support

Employees travelling internationally or to unfamiliar domestic locations must share their itinerary with their manager and the Travel Desk. A 24x7 emergency travel helpline number is issued with every approved international booking.
